

Parent Training | Canvas@BT

Canvas is the learning management system (LMS) that BT uses to simplify content access and work submission for our students.

Login in to Canvas at <https://btschool.instructure.com/login/canvas>

Video for setting up a parent account.

Please do not setup another account if you already did this in previous years.

Instructions for connecting Canvas to your cell phone and calendar app-

(We will show students how to do this, so you should see text notifications from Canvas on their cell phones.)

Helpful Tips-

- Canvas has an app for iOS and android devices. These apps are very useful for viewing course information, however, we recommend accessing Canvas from your browser (preferably Chrome) to perform uploads and any other actions. We will be teaching our students to do the same.
- If you have multiple children in middle school, connect them all to a single parent account.
- Sync your iOS, Outlook, or other calendar to your child's Canvas calendar.
- Ask your student to check their Canvas when you receive a notification instead of telling them what was included in the notification. We want to empower students to be independent and responsible for their own academic responsibilities.
